

Drink from the Cup of Life

Denis Chadbourn

Drink from the cup of life my friends
And you will thirst no more
Quenched will be your parched and withered soul
If you seek the lord, and trust his holy word
Then you'll be on the path that Christ walked on

Eat from the bread of life my friends
And hunger never more
Full will be your weak malnourished soul
If you seek the lord, and trust his holy word
Then you'll be on the path that Christ walked on

Sing joyous praises, loud Amens
Let alleluias rise
Glad will be your sad tormented soul
If ye seek the lord and trust his holy word
Then you'll be on the path that Christ walked on

Yes if ye seek the lord, and trust his holy word
Then you'll be on the path that Christ walked on
