Key of D

Chorus:

Change your behavior and honor the lord
That's what the good book says
Where there's darkness shine a light
Take a wrong and make it right
That's what the good book says

The road below is paved with good intentions so they say
Intentions are no good not followed through
So many times we pause to pray
But pay no heed to what we say
Now get up off that pew it starts with you

Chorus:

So and so said such and such a scandal to be sure
Third party twice removed so you know its true
You'd better think twice before casting that there stone
The buck it stops right here with me and you

Chorus:

Worldly things and trinkets, like false gods we worship them
But salvation does not come leather or gold
If you want it, buy it, better yet
Give to charity
Are you taking time to worry 'bout your soul

And being ever mindful of the needs of those with less
Take-up the cross and walk in Jesus' shoes

Change your behavior, honor the lord
That's what the good book says (twice)
